Forecast for Tuesday 20 Jun 2023

Weather: Overnight mist and fog patches may develop in the early hours but remaining mainly dry with some clear spells too. A bright start to the day, once any mist clears, showers developing by late morning and afternoon showers will develop, these will die away in the evening.

Chance of cloud-free hill tops above 700m: 90% patchy low cloud at times in the morning, falling to 70% in the afternoon.

Low cloud and visibility: Some patchy low cloud above 600m in the morning will mostly lift and clear, mostly cloud remaining above the summits but likely to lower to 600m in the afternoon. Good visibility is expected although poor at first in mist and dipping moderate in any heavier showers in the afternoon.
